SAVE CHERRY LANE (SHEPISTON LANE) CEMETERY.

We, the undersigned, are appalled at the planned destruction of any part of Cherry Lane Cemetery and desecration of graves therein in favour of access roads being developed by BAA to accommodate the hugely unpopular Third Runway and Sixth Terminal at London Heathrow Airport, and lodge our fierce opposition to it. Cherry Lane cemetery is the only functioning cemetery in this part of the Borough of Hillingdon and people continue to be buried there daily. The destruction of any cemetery is sacrilegious but especially one that is currently in use, is disrespectful, outrageous and immoral, and says very little about the society that condones it.
